

## South Shore Corridor Study

Small Group Discussion – Public Meeting #2

September 10, 2019

*Please discuss the following questions with others at your table. Feel free to take notes on this worksheet or on the map in the center of the table.*

1. What do you think about building from areas of strength and focusing resources around key nodes of activity?
2. What do you think about 75<sup>th</sup> transitioning to more residential to support commercial growth on 79<sup>th</sup>?
3. Among the Ideas for Action, are there any that stand out as priorities? Anything you would want to see added?

4. Where along the corridor would you prioritize community-led projects such as murals, temporary pedestrian realm improvements or urban greening?

5. What resources exist in the community to support the Ideas for Action?

*Choose a spokesperson to share highlights from your table's discussion with the larger group. If you wrote comments on this worksheet, please submit it to your table's facilitator at the close of the meeting.*
