Report of Police Board Public Meeting
August 18, 2022

1 CHAIRMAN FOREMAN: Good evening. My name is
2 Ghian Foreman, President of the Chicago Police Board,
3 and I am calling the Board's August 18 public meeting
4 to order.

5 To protect the public's health in response to
6 the COVID-19 Pandemic, this meeting is taking place
7 remote pursuant to the Illinois Open Meetings Act, I
8 have determined that holding this meeting in person is
9 not practical or proven.

10 The City of Chicago remains subject to the
11 Governor's proclamation due to the COVID-19 Pandemic
12 and the disease continues to be a threat, especially
13 to the unvaccinated and people with certain health
14 conditions. We are, therefore, having the meeting
15 remotely this month.

16 This meeting is open to the public via video
17 and audio conference and is being carried live by
18 CAN-TV. Members of the public are on mute in order to
19 reduce background noise and disruptions. We have a
20 court reporter this evening making a transcript of the
21 meeting. In addition to please board members we have
22 several city officials here with us this evening. I
23 will begin by taking attendance so it is clear who is
24 participating in this meeting.

2 And Executive Director of the Police Board,
3 Max Caproni.

4 MR. CAPRONI: Here.

5 CHAIRMAN FOREMAN: We began this evening's
6 meeting by recognizing Board Member, Andy Zopp, who is
7 attending her final Police Board meeting. Andy joined
8 the board in 2017 and has been a distinguished
9 corporate and civic leader in a variety of roles
10 throughout her career, including serving as Assistant
11 U.S. Attorney, first assistant, Cook County State's
12 Attorney, President and CEO of the Chicago Urban
13 League and Deputy Mayor of the City of Chicago.

14 Andy has been a tremendous colleague and an
15 invaluable Member of the Police Board, and I will also
16 say a very good friend and I will absolutely very much
17 miss working with you, Andy, and we would really like
18 to say on behalf of all of the residents of the City
19 of Chicago, we are really grateful for your service,
20 not just here but with all of the hats that you've
21 worn, it's really been a pleasure to work with you.

22 MS. ZOPP: Thanks, Ghian, and thanks to my
23 fellow Board Members. As I told the Board earlier,
24 it's been a privilege to serve with the incredible

1 group of people who are committed as I am to making
2 sure that our accountability system works not just for
3 the citizens in the community but also for the
4 incredible officers who dedicate their lives and put
5 their selves out there every day and who deserve to
6 have a police department that operates fairly and
7 appropriately and who deserve to be heard and so it's
8 been an honor and I really appreciate it, so thank
9 you.

10 CHAIRMAN FOREMAN: Thank you. We will now
11 proceed to the items on the meeting agenda. We'll
12 have time at the meeting for public comments. Once
13 again, members of the public are currently on mute in
14 order to reduce background noise and disruptions.
15 When we get to the public comment portion of the
16 meeting, we will unmute each speaker.

17 First, we are pleased to have a presentation
18 this evening from the Treatment for Alternatives for
19 Safety Communities. I will now turn it over to
20 Joel Johnson, the Organization's president and CEO.
21 Joel?

22 MR. JOHNSON: Thank you Chairman Foreman and
23 thank you, Board Members, for having us. My name is
24 Joel Johnson. I am the president an CEO of TASC,

1 Treatment Alternatives for Safe Communities. We have
2 existed at the intersection of criminal legal system
3 and healthcare, specifically -- disorder for the
4 better part of 46 years. As we continue to do this
5 work and expand on our engagement of people in need of
6 treatment services, in all 102 counties in the State
7 of Illinois, we have expanded to work that we think is
8 important and thought that we'd like to share it with
9 you as it grows.

10 First I'd like to knowledge, again, Chairman
11 Foreman, Paula Wolff, who we do a lot of work with in
12 our re-entry work. Jorge Montes, who is a TASC Board
13 Member and to First Deputy, Eric Carter, a good friend
14 as well. But to all of the Board Members we are
15 excited to be here. I am joined by our Chief
16 Operating Officer, Malik Nevels. And I'd like to turn
17 it ever over to our Executive Director for our Center
18 for Health and Justice, which is RTA and training
19 department, Jac Charlier, and our director of our
20 Deflection Division is Nicole Munoz. So at this time
21 I'll turn it over to Jac and Nicole.

22 MR. CHARLIER: Sounds good and thank you for
23 that, Joel. Good evening and thank you for allowing
24 us to be here today. I know we're on a time limit so

1 I will bring up the presentation and get that going
2 right away so we can get through that and possibly
3 take any questions so let me get that right now.

4 Let me just check, first of all, and make
5 sure everybody can see this? Is that good? Can I get
6 a thumbs up? Thank you for that.

7 So my name is Jac Charlier. I'm the
8 Executive Director of TASC center for justice. My
9 core expertise is in crime reduction; that's my actual
10 background. And, as Joel said, we work, all of us, at
11 the intersection of justice and health and so the
12 presentation tonight will be on deflection, and I'll
13 come right back to that.

14 First, Nicole, if you want to introduce
15 yourself quickly?

16 MS. MUNOZ: Sure. My name is Nicki Munoz and
17 my background is mostly in reentry and I'm also
18 secured the line with deflection and also pre-arrest
19 diversion and I'm so happy to be here and so happy to
20 present for you guys.

21 MR. CHARLIER: Thank you. In the spirit of
22 transparency, we have five slides for you, and that's
23 all. There numbered slides so you can keep us honest.
24 So here we go. We want to make sure, again, we have

1 time for any questions. The entire slide deck has
2 already been sent to your Committee and so you would
3 have the ability to follow up on things that were in
4 the slide that we will not touch on necessarily
5 tonight but are there and are available.

6 So we're going to talk to you about
7 deflection. As you can see in the title, the only
8 slide I ever read is the title slide. It's a new
9 work, new practice and a new opportunity for
10 communities to be safer and healthier. And so if you
11 are familiar with the field of criminal justice, the
12 idea of public safety and public health working
13 together ten years ago was virtually non-existent.
14 Five years ago very much began to hit stride and now
15 it's kind of the demand and expectation from people
16 across the country that public safety and public
17 health work together and in a community setting. That
18 brings us right back to the first slide. You can see
19 her coming up in yellow, this the definition of
20 deflection. As I said, I don't read slides so you can
21 just look at these points. You'll get an idea of
22 where deflection is going, what it is about. The main
23 thing is deflection centers itself in community. So
24 you think about kind of the different things that the

1 justice system has done over the years. In a
2 community they're often programatic in nature and
3 they're called programs. Programs are boxes. When
4 you put things go in boxes. They are important. They
5 do certain things. Things come in it and things come
6 out of it.

7 Deflection begins and proceeds that we're not
8 going to create a program, but we are going to go to
9 the community to take a look at these five bullet
10 points that you see here to build these. So we're
11 going to be upstream. We are going to be early. We
12 are going to leverage the justice system but not go in
13 it. We're going to have behavior health guided.
14 We're going to be focused on both crime reduction and
15 well being. We're also going to make sure that what
16 we are doing is reducing what is called the social
17 burden on police. So this is the definition of
18 deflection done fairly quickly.

19 I'm going to give you another way to
20 understand deflection and that is deflection is a
21 community-based initiative, not a program. And the
22 green circle obviously represents community. When we
23 build deflection initiatives and we do this work
24 across the country -- we're doing it in Illinois right

1 now. We were just in Downstate Illinois, in fact,
2 earlier today getting a new deflection initiative off
3 the ground. We always proceed from the standpoint of
4 what does the community want? What is the community
5 interested in? How are we going to build this in a
6 way the community is involved?

7 So unlike a program, which kind of comes in
8 with a model and approach, we begin by going to the
9 community. And then deflection brings in the two
10 circles that you see there and notice that the
11 community stays at the forefront of deflection. What
12 we are trying to do is leverage the blue, the police,
13 fire and EMS can also do deflection and bring in the
14 treatment housing and services but always in a way
15 that these three are blended together in a systems
16 approach that allows deflection to function to do the
17 things we talked about on the last side.

18 So deflection is a community-based initiative
19 and when you build this kind of framework, you can
20 respond to all sorts of issues. You may begin looking
21 at substance-abuse disorder and then move to mental
22 health. You may then look at homelessness, you might
23 look at issues of children, families, social
24 determinates of health. Because deflection builds

1 this community-based framework, it is capable of
2 handling all of those things within the same framework
3 once it is built unlike a program which has a very
4 specific shape and form to it, which can do that stuff
5 real well but can't do other things very well because
6 it's not designed it. The final slide before I turn
7 it over Nicky is there is really lots of terms for
8 deflection. All of these that you see on the screen
9 are possible words that you may have heard for the
10 practice in the field of deflection. And while I'm
11 not doing a training on this for you tonight, really
12 just an awareness, I'm sure that if we went through
13 these you'd say, oh, yeah, I've heard this phrase,
14 I've heard this phrase. But we use the term
15 deflection and that is kind of the language that's
16 moved into this really young field right now and we do
17 it because what we are setting up -- and this is
18 really taken from a law enforcement standpoint -- we
19 are setting up a way to give a third option to law
20 enforcement on how it is that they can handle and
21 respond to situations of behavior health; in other
22 words, people who use drugs, people who have mental
23 health issues and all the attendant issues. Without
24 having to use number one, and without doing number

1 two, statistically in the United States right now
2 arrest rates not only continue to decline but are well
3 under 20 percent. I'm giving you a national figure.
4 Chicago has its own figure. But for the vast majority
5 of people that police encounter will never be
6 arrested, yet for both number one and number two
7 officers will know that something is going on for
8 which deflection, which is the use of community-based
9 treatment, housing and services to respond to
10 behavioral issues early and upstream, not waiting for
11 a crises, which means not waiting for an arrest, not
12 waiting for an overdose, not waiting for a crime to be
13 committed, not waiting for death, obviously, which is
14 a possibility in all of these situations that people
15 find themselves. Deflection says we are going to be
16 there early and to do that we have to give law
17 enforcement other options.

18 Finally, as we say, we are not waiting for
19 the crisis, right? We are not waiting for the crisis.
20 That's important -- and, Nicky, I'm cuing up here in
21 15 seconds so get ready because I'm doing your
22 slides -- we are not waiting for the crisis so if you
23 think of deflection in a framework of mental health
24 and mental health crisis response, you're really

1 thinking of a fairly narrow slice of what law
2 enforcement encounters. The vast majority of people
3 encountered are not in crisis. That is an important
4 space. But they may be people who have used drugs.
5 They might be people with mental health issues and
6 that's where we want to be well before we are 10, 20
7 30 encounters down the road and now we need to act and
8 those actions that are very different that if we see
9 someone at three, four, five encounters, then we know
10 something is going on and we can turn it over to a
11 deflection team or a deflection initiative and, Nicky,
12 that's my segue to you since you lead up our
13 deflection teams.

14 MS. MUNOZ: Thank you, Jac.

15 As you can see here, this is where you can
16 find TASC with the help of the Cook County Department
17 of Public Health under the suburban Cook County side,
18 we have implemented a number of deflection sites. We
19 still have five slots ready for and available for
20 other slot sites we want to add but currently we are
21 at Harvey, Justice, Schiller Park, and I see a little
22 star by Dixmoor. These slides were done a little
23 earlier. As of Friday, Dixmoor is officially signed
24 on. Their official launch date is September 1. And

1 we are still in the action-planning phase with Chicago
2 Heights. As Jac mentioned earlier, today we were at
3 Central Illinois and these were the sites that were
4 available and the counties and the representatives
5 from those areas that were there today. We had over
6 70 people from different walks or different
7 practitioners that were there, whether they were
8 healthcare, behavior health. We had some faith-based
9 organizations there. We also had lots of law
10 enforcement. A couple of EMS and fire folks there as
11 well. And what we're doing is getting them started
12 and ready and cued up to start action planning and
13 active action planning. Some of the other sites we
14 have southern Illinois are actively running right now
15 as well.

16 Next -- and if you're looking at how to bring
17 deflection to your community, how you can get it
18 started, we have highlighted four really, really easy
19 ways; meet with your community stakeholders, talk to
20 them, see what they are looking for, get an assessment
21 of exactly you want to address in your communities.
22 Connect with us, specifically Jac, because he is part
23 of the National TA Assistance Center that does
24 deflection for National sites. So we already are in

1 charge of doing deflection. We have a long history in
2 preparing communities for doing deflection. You can
3 track with Jac here. His e-mail is listed. And you
4 can also connect with me if you can't get in contact
5 with Jac or he doesn't answer your e-mail.

6 Most importantly, I'm also asking everybody,
7 this is a very, very critical time with the opioid
8 epidemic as a response to it just to take action.

9 Thank you, Jac.

10 MR. CHARLIER: Thank you. And I'm just going
11 to show you a few slides just so background so you
12 know that you have received quickly is resources
13 available to you. The first national survey of
14 deflection sites that's in the slide that you received
15 that I sent earlier on PDF. So if you want to learn
16 more about deflection and kind of what is going on
17 with it nationally, we have the first Federal e-course
18 that was developed on deflection that is available
19 here and that QR code is live in the slide deck so you
20 can take the e-course and you get a certificate out of
21 it, so that's pretty good.

22 Both the National Drug Control Strategy,
23 which, of course, comes out of the White House
24 incorporates deflection is part of how the nation is

1 going to continue to respond to the issues of
2 prevention, treatment and addiction in the United
3 States. Remember, deflection is a preventative
4 approach; it is not waiting for crisis to happen. It
5 is early upstream. And then the final part of the
6 slide deck that you have is the state model wall,
7 which is promulgated out of the White House as a way
8 for states to adopt and grow the field of deflection.

9 So for our final 15 seconds, we were given
10 ten minutes, we're right under time. Very excited to
11 be able to be here today with you. I know hopefully
12 we'll have some time to take some questions and, as
13 Nicky said, we are available afterwards. We do serve
14 as the National Technical Assistance Center for the
15 United States Department of Justice, Bureau of Justice
16 Assistance for Deflection and so we work with sites
17 across the United States who have received federal
18 funds to do this work. And I should add the City of
19 Chicago is a grant recipient of for deflection also.
20 That's it. We're right -- Mr. Chairman, right under
21 the time limit you gave us.

22 CHAIRMAN FOREMAN: Thank you, Jac. So you
23 just said, the City of Chicago, there's a site -- I
24 notice that you guys aren't in the city. I know you

1 also talked about having community at the center. If
2 you guys stick around for the rest of the call, you're
3 going to hear one particular group from the south side
4 of Chicago who are very active with us and very active
5 with the police department.

6 What are the steps to bring these programs to
7 the City of Chicago?

8 MR. CHARLIER: So, yes, the City of Chicago
9 is a grant recipient. There's a 157 grantees that are
10 by the federal government that are doing deflection.
11 It is currently the largest portfolio of the Bureau of
12 Justice Assistance is this portfolio so a lot of
13 people are not aware of that because deflection is a
14 movement that is about five to seven years old in the
15 United States. It's a very young movement and field.

16 By contrast, drug courts, we work very
17 closely with our colleagues there on a national level,
18 it's 25 years old. So just look by way of background,
19 Mr. Chairman, so any community, any jurisdiction that
20 would like then to do deflection, reach out to Nicky
21 and myself. We can help guide you through. We are
22 not on the decision makers on this. Since we're on
23 record, we've got to put they're not the decision
24 makers, but we can help guide you through both what is

1 the federal process look like for technical
2 assistance, right? So community might just be in need
3 of technical assistance to get themselves started and
4 up and running as well as direct you to the federal
5 resources which could be a grant, for example, that a
6 community or jurisdiction applies for to get funding
7 then to do more than just technical assistance, put on
8 staff, go through a planning process and kind of more
9 involved. Does that answer your question? Did I hit
10 on it or not?

11 CHAIRMAN FOREMAN: It answers my question.
12 But when Jennifer -- when I call on Jennifer to speak,
13 I guaranty you she's going to be calling you.

14 MR. CHARLIER: Good. Love it.

15 CHAIRMAN FOREMAN: All right.

16 MS. WOLFF: So I think I understood most of
17 your answer to Ghian's question, Jac, but because of
18 your three circles, do you need the Chicago Police --
19 you're more in front of the Chicago Police Board. Do
20 you need the Chicago Police Department to be a partner
21 if a community were to come forward and said they
22 wanted to participate in this?

23 MR. CHARLIER: So deflection can be done in
24 three ways. We had three slides, right? It's like

1 Name That Tune, you've got to name that tune in two
2 notes -- it's that type of thing. So we've got five
3 slides to name that tune called deflection.

4 Deflection can be done with police,
5 obviously. About 75 percent of the 1200 known sites
6 in the United States were initiated by police, 15
7 percent -- this is the answer to your question,
8 Paula -- by fire and EMS and police are more in the
9 background and 10 percent are community initiated.

10 And so you have all different forms of
11 deflection and so you don't need Chicago Police
12 specifically or any police department but I do want to
13 say in the background of everything the first
14 responders at almost every community are aware of what
15 is going on and do participate because it's a matter
16 of making sure that we are collaborative in the
17 approach. But you can do deflection with fire and EMS
18 because there are issues -- obviously they are not
19 avoiding justice involvement then, of course, but they
20 are avoiding other issues that might lead to future
21 justice involvement. And then you can do community
22 responder versus a deflection which actually involve
23 no first responders but have a very similar build to
24 them.

1 MS. WOLFF: Thank you.

2 MR. JOHNSON: Paula, we wanted to talk to the
3 Police Board. I serve on Chicago's Board of Health.
4 We wanted to talk to the Police Board to really kind
5 of demonstrate, A, the work that we are doing, that
6 TASC is doing in the State of Illinois. The work that
7 the Center for Health and Justice is doing with other
8 police departments and communities across the country
9 and to demonstrate there's an additional alternative
10 to incarceration, alternative to arrest that can be
11 another tool in the tool box for the City of Chicago
12 and the Chicago Police Department.

13 MS. WOLFF: Thank you, Joel.

14 CHAIRMAN FOREMAN: Any other questions.

15 MS. WOLFF: Jac, I knew when you said you had
16 five slides, we have been together too long, there
17 were going to be more slides some place.

18 MR. CHARLIER: I can put up 72 if you need me
19 to.

20 CHAIRMAN FOREMAN: Any other questions,
21 Board, CPD, COPA?

22 All right. Thank you very much. I'll ask
23 you to stick around. Like I said, we have one group
24 who has been very committed for the last several years

Report of Police Board Public Meeting

1 and I can absolutely see them taking you up on your
2 offer.

3 Board, is there a motion to approve the
4 minutes of the Board's July 21st regular public
5 meeting?

6 MS. WOLFF: So moved, Paul Wolff.

7 MR. EADDY: Second, Michael Eaddy.

8 CHAIRMAN FOREMAN: All in favor, please
9 signify by saying "aye."

10 MS. WOLFF: Aye.

11 MR. EADDY: Aye.

12 MR. BLOCK: Aye.

13 MS. CUSACK: Aye.

14 MS. DOORLEY: Aye.

15 MR. MONTES: Aye.

16 MS. ZOPP: Aye.

17 CHAIRMAN FOREMAN: Any opposed? The motion
18 passes.

19 Our next regular public meeting will be held
20 Thursday, September 15th at 7:30 p.m. Whether this
21 will be an in-person meeting or remote will be
22 determined closer to the meeting date.

23 The Police Board meets in executive session
24 to consider personnel matters and litigation. Those

1 discussions are closed to the public as authorized by
2 sections 2(c)(1), (3), (4) and (11) of the Illinois
3 Open Meetings Act. A summary of the items discussed
4 in the executive sessions is posted in the minutes of
5 the meetings on our website.

6 Is there a motion to close those sessions as

10 There are also two announcements of
11 disciplinary rulings on the agenda tonight. I and
12 Board Member Doorley will make these announcements.
13 Nanette?

14 MS. DOORLEY: Thank you, President Foreman.
15 I was randomly selected from the Chicago Police
16 Board's membership to consider one matter of which the
17 Chief Administrator of the Civilian Office of Police
18 Accountability and the Superintendent did not agree
19 regarding discipline of a sergeant. In request for
20 review number 22-14, the Chief Administrator
21 recommended sustaining allegations against
22 Sergeant Michel Tews arising out of clashes between
23 police and members of the public on July 18, 2020
24 during civil unrest in Chicago.

1 The Chief Administrator recommended that
2 Sergeant Tews be suspended for 90 days. The
3 Superintendent disagreed with nearly all of the
4 sustained findings and recommended that Sergeant Tews
5 be reprimanded.

6 After considering this matter it is my
7 opinion that the Superintendent met the burden of
8 overcoming in the Chief Administrator's recommendation
9 for discipline. The Superintendent's response shall
10 therefore be implemented. A copy of the written
11 opinion will be posted on the Board's website as
12 required by the Municipal Code, thank you.

13 CHAIRMAN FOREMAN: Thank you. I was randomly
14 selected by the Police Board's membership to consider
15 one matter in which the Chief Administrator of the
16 Civilian Office of Police Accountability and the
17 Superintendent of Police did not agree regarding the
18 discipline of a police officer.

19 In request for review number 22-15 the Chief
20 Administrator recommended that Police Officer
21 Bernadette Kelly be discharged from CPD for violating
22 the Department's rules when conducting searches of
23 persons of the opposite gender.

24 The Superintendent agreed with the sustained

1 findings but recommended a 60-day suspension. After
2 considering this matter, it is my opinion that the
3 Superintendent did not meet the burden of overcoming
4 the Chief Administrator's recommendation for
5 discipline. An evidentiary hearing before the Police
6 Board is necessary to determine whether Officer Kelly
7 violated any rules of conduct and, if so, the
8 appropriate disciplinary action. A copy of the
9 written opinion will be posted on the Board's website
10 as required by the Municipal Code.

11 Next up, Superintendent -- First Deputy, who
12 I would like to -- if you could give your report for
13 us.

14 FIRST DEPUTY CARTER: Thank you, President
15 Foreman. Good evening to the Police Board, all
16 community members joining us this evening.

17 Men and women of the Chicago Police
18 Department are working very hard to make every
19 neighborhood safe. This month the City has continued
20 recording declines in the number of homicides compared
21 to the same time in 2021. Throughout August
22 double-digit decreases in homicides and shootings have
23 remained consistent. We're down 17 percent in
24 homicides and 18 percent of shootings versus the same

1 time period in 2021. The Department has currently
2 expanded it's presence on CTA to enhance rider safety.
3 The Chicagoans depend on the CTA every day and our
4 priority is to keeping riders safe. Whether it's on
5 transit system or on the ground in our neighbors, we
6 are dedicated to safety.

7 Since the year started, officers have taken
8 more than 7,800 guns Off the streets with nearly 90
9 guns recovered this past weekend alone. All offices
10 are working hard and it shows. We are also hosting a
11 gun-turning-in event this weekend at Hope Community
12 Church at 5900 West Iowa starting at 10:00 a.m. Last
13 weekend the City hosted the official return of the
14 93rd annual Bud Billiken parade and back to school
15 celebration. Families gather on the south side for a
16 day of fun and togetherness as officers assure a safe
17 and successful event. The Department Members also
18 participated in the parade by marching and sharing
19 information on how to join the Department and how to
20 serve our city. Our commitment to growing community
21 trust means showing up. It also means people are
22 promising to build a more diverse department. In our
23 most recent graduation, the Department welcomed a
24 class of 38 new officers in which nearly a third are

1 woman and over 70 percent are people of color. We
2 know, however, that there is more work to be done.
3 Public safety is much more than crime statics and
4 arrest. It requires community engagement in every
5 level. That's why we work closely with parties like
6 the Community Safety Coordination Center, other City
7 departments and central agencies and community and
8 faith-based organizations. Who were always aimed to
9 include community voices to seek lasting community
10 solutions. Community building as well as crime and
11 violence prevention are rooted in collaboration.
12 Chicago Police Department stands committed to
13 visibility, engagement and collaboration and we thank
14 you for being a part of that with us.

15 Back to you, President Foreman.

16 CHAIRMAN FOREMAN: Thank you, First Deputy.
17 Chief Administrator Kirsten.

18 CHIEF ADMINISTRATOR KIRSTEN: Thank you very
19 much to Members of the Chicago Police Board, Members
20 of the Police Department for this evening's
21 participation.

22 I'd like to just start by acknowledging the
23 kind of immense body of work that went into all of the
24 business that you all had to read out on an vote on.

1 I want to just recognize on behalf of the City and as
2 a Chicagoan the incredible attention to detail that
3 each than every one of you put into your review of the
4 facts and the evidence in all of these cases.

5 The work of police reform is certainly not
6 easy and I don't think our goal is for all of us to
7 agree all the time. However, I think that we have a
8 system and processes in place that allow for like a
9 real thorough vetting of the facts and evidence in
10 each of these cases and that work that you all do as
11 Police Board Members was on full display tonight as
12 all of those different decisions were read out so
13 thank you to each and every one of you for that
14 participation.

15 With respect to COPA's going on for the month
16 of July, we received 459 complaints and notifications.
17 124 of those stayed under our jurisdiction and as I
18 report out almost every month, 48 percent, the highest
19 category, alleged improper search or seizure. We had
20 two officer-involved shooting notifications that we
21 responded to the scene of. We concluded one
22 officer-involved shooting case and those
23 recommendations are with the Superintendent. And then
24 our sustained case rates ended up being a little

1 higher than it was this time last year but I think
2 what is important to point out with respect to how we
3 report on our sustained cases, you know, we retain --
4 like I said, in this last month 124 COPA
5 investigations. Every month we close around 100, 150
6 cases, somewhere in that ballpark. The majority of
7 cases that get closed by COPA as an agency, in fact,
8 don't actually go to allegation. In our initial
9 investigation, our preliminary review, we often have
10 things like body-worn camera evidence and other sort
11 of immutable facts and evidence to rely upon which
12 indicates to us as an agency there is no need to serve
13 allegations against officers. So I think it's an
14 important note that the vast majority of complaints
15 actually get reviewed and vetted and don't proceed to
16 allegations against officers. But in the cases where
17 we do, in fact, find sufficient evidence to serve
18 allegations in the last month 59 percent of those
19 cases had at least one allegation sustained.
20 Additionally, as opposed to just talking about
21 investigations and complaints, I think I like to
22 always mention some of the other good work of our
23 agency. And in July we had 21 separate community
24 engagement events including block parties, resource

1 fairs, faith-based organizations that allowed us to
2 come and speak. We spoke at a large gathering of a
3 legal conference, various youth events and, in fact, a
4 vacant lot clean up in the 11th District. I think
5 this really speaks -- first of all, we have a new
6 Director of Public Affairs and Community Engagement
7 and he's made it his mission to make sure COPA is
8 getting out to the public as much as possible to kind
9 of explain and kind of contextualize for Chicagoans
10 what we have with respect to how our accountability
11 system works, how we all have to participate in that
12 and part of that participation for community members
13 is understanding the process. You know, what you read
14 in headlines and sort of the things that grab people's
15 attention are often just the tip of the iceberg with
16 respect to the more wholistic picture, how hard the
17 Department is working, CPD is working to continue to
18 serve Chicagoans to the best of its ability, how
19 seriously COPA takes it's responsibility to hold
20 officers when necessary or to clear officers when
21 evidence show that that's the appropriate outcome
22 after a complaint. So being engaged in our community
23 and making sure they have education and awareness
24 about our role is a huge part of what we continue to

1 do month after month and we've seen a significant
2 uptake in those activities since being joined this
3 last May by our new director, Carlos Rivas, so look
4 forward to being able to report more of those kind of
5 community engagement events going forward.

6 Thank you for the time this evening.

7 CHAIRMAN FOREMAN: Thank you. I will now
8 call upon members of the public who signed up in
9 advantage to speak. We have 16 speakers tonight so I
10 am going to be very firm about the two-minute time
11 limit. So, Speakers, you can unmute yourself by
12 pressing star six. So when I call upon you if you can
13 press star six.

14 Our first speaker is Saul Griffen.

15 MR. SAUL: Hey, Ghian, hey everyone, thanks
16 so much for having us. My name is Griffen Saul. I'm
17 representing the Chicago Youth Council for Police
18 Accountability. It's a pleasure to be with many of
19 you again.

20 For those who are unfamiliar with our work,
21 we are a youth council comprised of 11 young people
22 from across the City of Chicago that are working to
23 have their voices heard on matters of safety, equity
24 and inclusion.

1 Major updates from us is that we are heavily
2 recruiting for our second academic year anybody
3 between the ages 16 and 25 are eligible to apply so we
4 would highly appreciate if you know any young person
5 who is engaged in this work and is passionate about
6 police accountability and Chicago as a whole to give
7 them my information or encourage them to apply as
8 well.

9 Additionally, about a week ago we partnered
10 with -- Challenge and were represented by the ACLU of
11 Illinois to hold a rally in Millennium Park to protest
12 a youth curfew that is currently in place. We as
13 young people of Chicago feel that it's incredibly
14 unjust that young people are unable to participate in
15 the incredible summer Chicago events that are taking
16 place. You can see some of the action on social media
17 as well.

18 The final update from us is that we are -- as
19 we are in that phase of recruitment, we are also
20 expanding our mission and scope as well. So in
21 addition to CYCP, Chicago Youth Counsel for Police
22 Accountability, we're also rebranding as the YOUTH
23 Council, Youth Organizing Until Trauma Heals as the
24 acronym. So we very much appreciate the ongoing

1 support that all of you have provided us and we look
2 forward to the community partnership going forward.

3 CHAIRMAN FOREMAN: So I want to step in here
4 and make an additional commercial. So Griffen and his
5 colleagues, they came to the Police Board probably
6 over a year ago now and basically said, hey, we want
7 to be a part of the solution, so I think it's been a
8 great learning experience for both of us, right? They
9 have give us some ideas, given us some perspective and
10 these are our young people, right? I think that we
11 have tried to step up and help them understand how
12 things work. I know you guys have a great tour of CPD
13 headquarters and I think -- I believe you've taken a
14 look at some of the districts.

15 And so, you know, I think these are the kind
16 of you all are the future leaders, you're the leaders
17 now so I think it's important all of us step up and
18 make sure our young people's voices are heard. So I
19 really commend the work that you all are doing,
20 working in good partnership with the Police Board, CPD
21 and so I really encourage members of the public to
22 encourage our young people to take advantage of this
23 great opportunity that the young people themselves
24 came up with.

1 MR. SAUL: We greatly appreciate your
2 support, Ghian. Thank you.

3 CHAIRMAN FOREMAN: Yes. Out next speaker,
4 Lakisha Cables, if you can press star six.

5 MS. CABLES: Can you hear me?

6 CHAIRMAN FOREMAN: Yes, good evening.

7 MS. CABLES: Good evening. Thank you for
8 allowing me this time to speak. I called before and
9 have tried to recommend to other agencies and victims
10 to also call in regarding the issue of on and offline
11 sexual violence.

12 Although I'm here to speak about my own
13 personal case, I'm also here to speak on behalf of
14 victims. Most victims who are women and girls who
15 have been become victims with cyber sexual violence,
16 stalking and harassment both online and off. When I
17 spoken with officers and investigators, many of whom
18 were not familiar with even the term -- and further
19 sexual violence which is entire sub culture
20 unfortunately that lives online that engages in this
21 type of pain and sexual violence.

22 In nearly case of on and offline sexual
23 violence almost all of the cases go offline where
24 perpetrators are invited, solicited or either on their

1 own volition begin to target woman who are victims of
2 the cyber sexual violence and target them offline.
3 And some of the experiences that victims have shared,
4 they become victims of stalking, experience break-ins
5 in their homes, hacking, surveilling, have
6 perpetrators contact their employer, their family and
7 their friends. And these are just some of the crimes
8 that they become subjected to. And in the three years
9 that I have spoken in -- organizations and spoke with
10 survivors, they've shared with me that their biggest
11 frustration and barrier is actually law enforcement.
12 And simply -- law enforcement simply refusing to hold
13 perpetrators accountable, and this is a clear refusal.
14 This clear refusal to hold perpetrators accountable is
15 in violation of Illinois State Statute 511/23.5, which
16 is the non consensual distribution of intimate
17 images --

18 CHAIRMAN FOREMAN: Thank you, Ms. Cables.

19 I'm sorry, your time is up. So I'm going to ask Max
20 to follow up with you and we can make sure we get you
21 in touch with someone from CPD because this is an
22 important issue. I think you've been doing a good job
23 in educating all of us and I want to make sure that we
24 can dig into that a little bit more.

Report of Police Board Public Meeting
August 18, 2022

1 MS. CABLES: Okay. I've reached out and I've
2 spoken with him but unfortunately there hasn't been
3 any follow-up.

4 CHAIRMAN FOREMAN: We will get on top of
5 that, I promise.

6 MS. CABLES: Thank you.

7 CHAIRMAN FOREMAN: Our next speaker,
8 Cedric Braden. If you can press star six.

9 MR. BRADEN: Thank you very much for giving
10 me the opportunity to speak. I just really wanted to
11 commend the details of the 3rd District. They're
12 doing a Wolff job. They're very receptive and it's
13 certainly making a difference in our block. Also just
14 very briefly we are very happy to hear the police
15 department's commitment to make the CTA safer. I just
16 want to emphasize a lot of young people in college who
17 don't have cars to work downtown having to take the
18 Red Line and to be fearful of their lives, it's
19 frightening for parents of adult sons like me. So I
20 just want to emphasize that. Thank you. I'll make it
21 short. Again, thanks for letting me speak.

22 CHAIRMAN FOREMAN: Thank you very much. Cece
23 Edwards? Cece Edwards if you can press star six?

24 (No response.)

1 CHAIRMAN FOREMAN: Our next speaker, LaRon
2 Taylor. Laron Taylor, if you can press star six?

3 (No response.)

4 CHAIRMAN FOREMAN: Next speaker, Lanelle
5 Reynolds.

6 MR. REYNOLDS: Hello. Thank you for the
7 opportunity to address the Police Board about our
8 neighborhood dilemma, one of the much along East 75th
9 Street corridor in the area of 74th and 75th and South
10 St. Lawrence Avenue, particularly the address of
11 concern is 606 East 75th Street known as The Six O Six
12 Lounge operated by the Arclight Art, Incorporated.

13 First let me provide some history of our
14 neighborhood. For several years prior to 2019 another
15 establishment called Laristos Lounge occupied 606 East
16 75th Street. We had crowds of people loitering on the
17 north and south sides of 75th Street and up and down
18 our blocks there were shootings, loud noise, which you
19 could hear from a block from patrons going to or
20 leaving. Since Arclight Art, Incorporated have been
21 occupied this address we have experienced the same
22 quality of life issues and various degrees as with
23 Laristos. For the last three months, as I mentioned,
24 issues of public nuisance have accelerated. People

1 are gathering around this intersection as a social
2 area. Several food trucks have started showing up,
3 which keep Six O Six patrons and the gathering people
4 from leaving the area. I don't know if these food
5 trucks have proper license to sell food and there is
6 plenty of garbage left behind. Loud music and
7 loitering continue even if 606 has closed. There are
8 modified street racing up and down 75th Street. Now
9 the cars have turned on 74th and St. Lawrence into a
10 raceway. And this goes on weekly, Thursday through
11 Monday from 12:00 a.m. to 4:30 a.m. Our block club
12 and community organization, Park Manor neighbor's
13 community counsel, Chatham Avalon Community Counsel
14 have reached out to the 3rd and 6th District for
15 remedies to minimize the degrading of our
16 neighborhood. Thank you.

17 CHAIRMAN FOREMAN: Thank you. First Deputy,
18 any thoughts on what we can do here?

19 MR. CARTER: Sorry, I'm having trouble here
20 with the video and everything else. But I'll reach
21 out to Chief Novales and we'll get back to the Board
22 with a solution.

23 CHAIRMAN FOREMAN: Thank you. Our next
24 speaker, Curtis Chapman Regis.

Report of Police Board Public Meeting
August 18, 2022

1 MS. CHATMAN-REGIS: Good evening. Can you
2 hear me?

3 CHAIRMAN FOREMAN: Yes, ma'am. Good evening.

4 MS. CHATMAN-REGIS: Good evening, I'm another
5 representing 79th and -- concern continues to be.

6 Fresh Mart meat market at 457 East 79th
7 Street with a history for it being a haven of drug
8 sales and activities, loitering, and even those no
9 trespassing affidavit with the police district.

10 During last month Police Board when I was
11 here with you guys there was active shots fired near
12 this location. To their credit, the police responded
13 within minutes. The store previously closed on
14 several occasions because of health violations but
15 they open under different family members' names.

16 440 East 80th Street remains a haven for
17 black adult men and women squatters even though the
18 building is boarded. I have seen squatters entering
19 440 East 80th Street even though the building is
20 boarded up. 443 East 80th also has squatters with
21 young men ages 14 through 23. The neighbors say they
22 are stealing cars and hiding them behind the building.
23 They have drug sales and music. They dress in
24 black -- all white tops an black bottoms and sometimes

1 wear red baseball caps. 7905 South Eberhart is a
2 apartment building. Loitering and drug sales are
3 outside of the building. They sit on crates. Police
4 ask them to move, but they never leave. They come
5 back. The no loitering signs are posted alongside the
6 building. Our safety and quality of life is
7 compromising and threaten many families that live 7900
8 block of Eberhart and on East 80th Street.

9 Commander Ben called me this past Tuesday and
10 was wondering why there is a lack of service calls at
11 that locations? I don't understand why either. She
12 said it can be construed as hearsay or secondhand
13 information and residents may be intimidated, they
14 fail to call but does that mean a crime is not being
15 committed? Crimes can still be committed whether you
16 call or not. These tips are in the case residents
17 don't know how to make a report or are unwilling.
18 Please help us as we continue to help you serve and
19 protect us, please. Thank you for your time.

20 CHAIRMAN FOREMAN: Thank you. Our next
21 speaker Linda Hudson.

22 MS. HUDSON: Hi. This is Linda Hudson. I
23 spoke at the July meeting regarding the July 4th
24 commercial fire works on the 8300 South Dante block.

1 I'd like to thank Commander Bob Vanna and
2 Lieutenant Martin Lomney for reaching out to me
3 yesterday regarding my concerns. Commander Vanna sent
4 me an e-mail where he also looped in Captain Mike
5 Murphy. I shared my conversations that I had with
6 them with several of my neighbors and we are hopeful
7 that the ball will not be dropped as it was in July by
8 the DCOs and that our block and community will not
9 have another July 4th experience as we get closer to
10 the Labor Day holiday. Thank you for allowing me to
11 be heard.

12 CHAIRMAN FOREMAN: Thank you. I had a
13 message from someone. So, Superintendent, can you
14 make sure that someone is following up with Eunice
15 Chatman-Regis? I wrote down some of the addresses or,
16 Chief Novales, I wrote down some of the addresses so
17 we can coordinate with the Max, but I think let's make
18 sure that is a group that is working really hard to
19 support CPD and their efforts and so let's follow up
20 on some of those.

21 First Deputy CARTER: We'll follow up and get
22 those addresses directly from Max and get you an
23 answer back to the Board and contact them directly.

24 CHAIRMAN FOREMAN: Great, thank you.

1 Next speaker, Jackie Kerry? Next speaker,
2 Jackie Kerry, star six?

3 (No response.)

4 CHAIRMAN FOREMAN: All right. Our next
5 speaker, Bridget Faust? Bridget Faust, star --

6 MS. FAUST: Hello, yes. Hi, good evening.
7 I'm calling from the 7600 block of Greenwood. First I
8 want to thank the Chicago Police Department for all
9 the assistance they have been giving us in this
10 parking issue we are having over here. My concern now
11 is not the parking, it's the hazardous condition of
12 all of these cars that are parked within the S curve,
13 which is making it dangerous and making it a blind
14 spot for anyone going west or east. It is
15 consistently on Sundays and tonight it is just
16 ridiculous. I witnessed almost two encounters where
17 cars were almost to the point where they were hitting
18 another. We have spoken with church in regard to that
19 issue as well, and I did speak with someone that said
20 we could work together to make this condition feasible
21 for the community and church members. Unfortunately,
22 I haven't heard anything else and I have reached out
23 to the church. I'm not just concerned for the
24 community, but I'm concerned for all -- have almost

1 been ran over or hit by a car that was coming down
2 76th Street, and I was returning home and I had to hit
3 my brakes to allow them to come around because the
4 cars were blocking. They had short -- the street is
5 smaller now than it is on a regular because of the all
6 of the cars parked up and down the street. So I don't
7 know what else to do. We do appreciate the community.
8 We do appreciate the assistance that we have received.
9 This is to the point someone is going to get hurt or
10 someone car is going to get tore up. So I just need
11 some assistance with trying to get this resolved
12 before there is some condition that is hazardous for
13 someone really. So I appreciate you allowing me to
14 speak on behalf of 7600 and Greenwood. Thank you.

15 CHAIRMAN FOREMAN: Thank you. I appreciate
16 it, and we talked about last month this is somewhat
17 difficult, right, this church and people coming and we
18 want people to be active participants in the
19 community. We'll continue to speak with the pastor
20 and try to come up with some alternatives so this is
21 something that the Superintendent and I -- I know that
22 we started communicating with the church. We'll
23 continue and if it's something we can try to them and
24 help identify some alternate parking spaces, we'll do

1 that. We have not forgotten about this. It's
2 something we've been actively working on. So thank
3 you for your continued participation on this as well.

4 Next speaker, Charlene Beasley?

5 MS. BEASLEY: Hello, this is Charlene
6 Beasley. This is a status report on the permit
7 parking for 76th and Greenwood. Sunday was a change
8 that hopefully marks a new beginning. It came through
9 the cooperative efforts of the residents and New Life
10 Covenant Church. We placed cones and vacant permit
11 parking spaces and New Life placed no parking signs
12 where there were no cones and had a security officer
13 to help with parking enforcement. As a result, nobody
14 parked in our spaces, and we didn't have to call
15 police. The 6th District Police Commander Ben did
16 visit the block on Sunday, spoke with us and observed
17 the above. We have continuously asked for consistent
18 parking enforcement but never received it. We are
19 asking again. We want to know that we can leave our
20 homes and have a place to park when we get back
21 regardless of whether NLC is having services on
22 Sundays or private events on other days of the week.
23 We'd like to resume our own gatherings and
24 celebrations in our homes without the timing being

1 dictated by what the church is doing and use our
2 purchased visitor parking passes for our guests. Both
3 would reduce our stress, help restore peace and some
4 normalcy to our lives and, thus, improving our quality
5 of life. We will keep Commander Ben informed of any
6 future developments. We thank everyone who has helped
7 us to this point and we are cautiously optimistic as
8 we move forward. And we very much thank you for
9 listening.

10 CHAIRMAN FOREMAN: Thank you.

11 Next speaker, Lisa Davis.

12 MS. DAVIS: Hello, I'm calling from the 4th
13 District 8412 but I'd like to thank the Commander and
14 our DCOs here. I attended this meeting previously in
15 July and one of my issues was the engagement with the
16 Commander. Since that time there was a Coffee with
17 the Commander for our 20th Sector and there will be
18 one for our 10th Sector on the 14th of September.
19 Also, as far as the DCOs, our last meeting we
20 addressed a number of issues. Our DCOs are now
21 definitely taken up and helping us with some of the
22 issues we had with the community and they are pretty
23 much available most of the time at this point, so we
24 are grateful for that kind of engagement and

1 participation.

2 I also want to thank Ms. Jennifer Edwards who
3 is on this call. I think someone referenced her
4 earlier and, Jennifer, we want to thank you for
5 involving us and helping us to participate in these
6 calls and be heard. Thank you.

7 CHAIRMAN FOREMAN: Thank you, and I second
8 that motion about Jennifer and her active
9 participation.

10 Next speaker, Rodney Jones?

11 MR. JONES: Okay, yes, can you hear me?

12 CHAIRMAN FOREMAN: Yes, sir, good evening.

13 MR. JONES: He, I'm here representing the
14 7400 blocks of Indiana, Michigan and Wabash in regards
15 to quality-of-life issues. It was back in, I believe,
16 May when I presented here to the Police Board in
17 regards to issues we'd been having on 75th Street
18 between Calumet and Michigan with mob activity that
19 takes place after the clubs close here, Frances Club
20 and the 50-yard line club. Last year, you know,
21 because of these mobs there was a woman who was
22 killed. In April we had a gun shoot out with over 50
23 gunshots. When I came in May, you know, I was asking
24 for the same resources to be applied that we had put

1 in force last year to curtail the problem and it just
2 hasn't been done. We have had meetings with the
3 commanders and you know we were kind of admonished for
4 bringing up last year and then want to talk about what
5 is going on this year and saying it's been relatively
6 uneventful since the 50-shot shootout in April but
7 when these mobs show up after, you know, clubs close,
8 similar to what Lanelle was saying down a little bit
9 further on 75th Street -- the police don't come when
10 we call them and people can't go to sleep and it's a
11 serious quality-of-life issue. We don't understand
12 why we can't get the support of the police like they
13 told us they were going to do with bringing in cars to
14 move the people along. Very rarely does that happen
15 when we have to make phone calls when we are asleep so
16 we are calling again asking for help in the spirit of
17 unity we want to work with you, but we need the police
18 to help the citizens here.

19 CHAIRMAN FOREMAN: Thank you.

20 First Deputy, any thoughts?

21 FIRST DEPUTY CARTER: I'll get with Commander
22 Ben and with Commander Watson. I actually had been
23 out there maybe three or four weeks ago in that area
24 where he's talking about with the 50-Yard Line and

1 Frances. They had asked for additional resources, and
2 I was out there personally seeing how they were
3 implementing the resources to deal with that
4 crowd-control issue. The night we were out there was
5 uneventful but I will get back with him again and see
6 what has been happening since then.

7 CHAIRMAN FOREMAN: Thank you. Next speaker,
8 Jennifer Edwards?

9 MS. EDWARDS: Good evening, everyone. Can
10 you hear me?

11 CHAIRMAN FOREMAN: Yes, ma'am. Good evening.

12 MR. JONES: I want to say hello to my special
13 friends, Chief Novalez and Chief Talley and First
14 Deputy. Just want to say hello and thank you guys.

15 Some of the problems that we have had we
16 believe have to do with for 75th Street are the zone
17 calls that, you know, we placed to 911. You know, one
18 side of the street, the south side of the street is
19 the 6th District, the north side of the street is the
20 3rd District. When they pulled the number of calls,
21 it said there is no calls, so I don't know if that can
22 be changed, if that can be adjusted some type of way,
23 but we get the calls when they call 911, they don't
24 get any police to come out. They call me mad at some

1 of us and we know people in the districts so we are
2 able to call and get someone to come out, the
3 lieutenants. One thing, though, we are very happy
4 that the community members are speaking out about what
5 is going on because it's the only way we are going to
6 do it. We try to build collaborations and we love our
7 DCOs in all of our districts. We thank so much
8 Commander Watson, Ben and Milmine and we are trying to
9 connect with 5, 7 and 2 because we've got some groups
10 that we'd like to go to the gas stations and do some
11 of things. So anything you guys can help us with,
12 that would be wonderful.

13 Another thing that we are going to have is
14 our backyard conversation where we invite the police
15 out. We also are trying to work with BACP, Department
16 of Buildings because some of these issues are problem
17 buildings and whatever. The police can't do them all.
18 My time is up so thank you anyway, everybody -- and
19 the deputy chiefs, Area 1 and 2; they are fantastic
20 also. Thank you.

21 CHAIRMAN FOREMAN: Thank you. Jennifer, we
22 brought -- one of the things we do is to make sure we
23 use these meetings to bring resources to educate us
24 and bring resources and I know you have been

1 instrumental in organizing that so the diversionary
2 program we heard about earlier today, is that
3 something you all would like to learn some more about?

4 MS. EDWARDS: Sure. Why not? Anything we
5 can do. We've got about 15 groups that we work with.
6 I'm sure we've got returning citizens and others so
7 that would be fantastic.

8 CHAIRMAN FOREMAN: We'll be sure to get you
9 in touch.

10 MS. EDWARDS: Okay, thank you.

11 CHAIRMAN FOREMAN: The next speaker is Alicia
12 Spears. Alicia Spears, if you could press star six?

13 (No response.)

14 CHAIRMAN FOREMAN: All right. Our final
15 speaker is Mr. Robert Moore.

16 MR. MOORE: Hello, Mr. Foreman, can you hear
17 me?

18 CHAIRMAN FOREMAN: I'm sorry, Mr. Moore,
19 excuse me one second. Stay on hold one second,
20 please. We just got Mrs. Spears. Mrs. Spears?

21 MS. EDWARDS: Okay, I apologize, this is not
22 Alicia Spears. This is Cece Edwards from the 6th
23 District and I just not to know, can I speak after
24 Rodney?

1 CHAIRMAN FOREMAN: No, Rodney spoke already.

2 MS. EDWARDS: No, Rodney is right here. I
3 think he's trying speak to you now, I think.

4 CHAIRMAN FOREMAN: Okay.

5 MS. EDWARDS: If not, if he doesn't mind, I
6 can go ahead. Mine is very brief.

7 CHAIRMAN FOREMAN: Go ahead.

8 MS. EDWARDS: Thank you so much. Thank you
9 all for so much for allowing us this time to speak. I
10 also want to thank Jennifer Edwards and community
11 organizer Grandon for their diligence in helping our
12 community to be a lot better and to work with the
13 police department a lot better. I too was a former
14 law enforcement personnel so I am working very
15 diligently with my police department and District but
16 I also want to mention that the problems that we are
17 having on 75th Street -- I live off of 75th Street as
18 well and we have several bars that have now agreed
19 plan order of operation from the Liquor Board, and we
20 need to know, Commander, how can we facilitate more
21 enforcement of these plans of operations. If we can
22 do that, we can cut down some of the violence, some of
23 the traffic and mob activity that is happening because
24 these owners have to get involved and help us with

1 their clientele. They have plan of operations and if
2 they don't, you know, adhere to those, their licenses
3 can be revoked or suspended so, Commander, can you
4 give us some insight or direct us with our own
5 district where we can get that help? And thank you
6 again for allowing me to speak.

7 CHAIRMAN FOREMAN: Thank you.

8 First Deputy, is this kind of a combination
9 of CPD and BACP?

10 FIRST DEPUTY CARTER: We would end up having
11 to have our licensing section under our vice control
12 unit as well as BACP with the strategic inspection
13 task force that it has the fire department all come
14 out and do that inspection, take a look as far as
15 holding to their hours of operation, that is really
16 strictly BACP. We do have the Commander has some
17 authority to call it in for safety and security
18 meetings. In that meeting he can talk about some of
19 the concerns of extended hours or trying to cut hours
20 depending on situations we have had in the past but
21 we'll work with them in order to try and alleviate
22 what you're talking about -- we'll work with BACP and
23 put that out.

24 CHAIRMAN FOREMAN: Thank you very much.

1 Our final speaker is Mr. Robert Moore.

2 Mr. Moore, if you can press star six on one
3 of your phones. Mr. Moore?

4 MR. MOORE: Yeah, Mr. Foreman, can you hear
5 me?

6 CHAIRMAN FOREMAN: Yes.

7 MR. MOORE: Okay, got you. All right. I
8 just clicked on here so I keep track of my time
9 because I've got so much material I'm trying to do
10 here.

11 What is the basis for the absence of the
12 Superintendent? Why is he not participating in the
13 Zoom function of this meeting?

14 CHAIRMAN FOREMAN: He had a different
15 commitment so we have the First Deputy.

16 MR. MOORE: Got you. So this just wasn't
17 important enough for him to participate in via remote
18 control, via modern technology. Good enough. That's
19 for the record.

20 The complete -- I've got to take back with
21 Mr. Foreman what I was saying, I have to -- my
22 understanding have to make sure my activity in the
23 balance does not contribute to the reenforcement of
24 arrangements that are incompatible with the best

1 interest for the salvation of souls. And all of these
2 government entities under which are under the present
3 incarnation -- are better off with no governments at
4 all than these governments. I'm convinced of that
5 because we are having restrictions on liberties and
6 extractions of resources that are being superimposed
7 upon us through the government entities. If we got
8 rid of all the government entities for a longer period
9 of time, we could chase down the members of the --
10 300, there would be nothing between them and justice
11 because they wouldn't be able to throw the members of
12 military into our path to obstruct us and then we can
13 stop the genocide that's in progress. But I have to
14 make that distinction within that context in terms of
15 individual police officers, these individual police
16 officers and other persons in government who are to a
17 large extent victims. They were conceived -- they
18 have their jobs, there's no industrial sector anymore
19 so they go into government offices and it's very
20 difficult not to become corrupted. But the ones that
21 fight to retain their humanity refuse to just give in
22 and go long to get along, we want to support them in
23 every way possible. So please don't commit suicide.
24 I just need to say that. We are individually

1 concerned about the individuals. It's just that we
2 have to oppose the continued operation of the entities
3 in themselves.

4 Before I get cut off, John Lausch, U.S.
5 Attorney, Federal Grand Jury tort person, you've got
6 to indict that U.S. attorney for violating -- he's
7 depriving us of the right to have Jason VanDyke
8 indicted or prosecuted if there is a death penalty for
9 what --

10 CHAIRMAN FOREMAN: I'm sorry, Mr. Moore.

11 MS. SPEARS: Hello? Alicia Spears here. I
12 think I got cut off some how.

13 CHAIRMAN FOREMAN: All right, Ms. Spears?

14 MS. SPEARS: All right. Thank you for adding
15 me in. I am a member of the 75th Street community and
16 so this comment just goes along with the previous
17 comments stated. However, I do want to add that there
18 was a group of us who did meet with the both 3rd and
19 6th District Commanders as well as the Alderman and
20 there was a discussion of installation of security
21 lights at 75th and Calumet, and we weren't able to get
22 sufficient follow-up in terms of when that was going
23 to happen so we would certainly like to have that
24 follow-up information from that in addition to, you

1 know, we are constantly told that the community has to
2 come up with strategies and, you know, that the
3 community coming up with strategies apart from the
4 police does not sound reasonable. The community is
5 not armed with the same information and so we should
6 not be expected to certainly participate at the level
7 of strategic planning. Although, we can come up -- we
8 definitely should come up with ideas and suggestions
9 but it seems that we are not getting the support or
10 the follow-up or the implementation pieces of how our
11 ideas can get played out by the police department. So
12 another line of communication needs to be established
13 to help these plans and community and the police
14 continue to work together effectively. Thank you very
15 much.

16 CHAIRMAN FOREMAN: Thank you. At this time
17 all members of the public who signed up to speak have
18 been called. Is there a motion to adjourn?

19 MS. WOLFF: I would like to take a point of
20 personal privilege and reinforce what President
21 Foreman said about Andy Zopp. She's been a great
22 Board Member and I really appreciate all of her work.
23 And with that I will move adjournment, Paula Wolff.

24 MS. ZOPP: Thank you, my friend.

1 MS. DOORLEY: And I second.

2 CHAIRMAN FOREMAN: Yes. All in favor, please
3 say "Aye."

4 ALL: Aye.

5 CHAIRMAN FOREMAN: The motion passes and the
6 meeting is adjourned. I wish everyone peace. Have a
7 good evening.
