

NOTICE OF PUBLIC HEARING

The Detroit City Planning Commission will conduct a public hearing on a proposed amendment to the Detroit Zoning Ordinance:

THURSDAY, SEPTEMBER 29, 2022 AT 5:10 PM

to consider the request of Cadieux Real Estate, LLC to amend Article XVII, Section XVII, 50- 17-41, District Map No. 39 of the 2019 Detroit City Code, Chapter 50, Zoning, to show a B4 (General Business District) zoning classification where an R1 (Single-Family Residential District) zoning classification is currently shown on eight parcels generally bounded by Cincinnati St. to the north, Waveney St. to the south, Cadieux Rd. to the west, and Guilford St. to the east. The location of the proposed rezoning is indicated as the shaded area on the accompanying map.

The proposed map amendment is being requested to permit the expansion of an existing non-conforming use. The rezoning would allow the existing use to become conforming thus eliminating difficulties with expansion. The pertinent zoning district classifications are described as follows:

R1 – Single-Family Residential District

The R1 Single-Family Residential District is designed to protect and preserve quiet, low-density residential areas now primarily developed and those areas which will be developed with single-family detached dwellings and characterized by a high ratio of home ownership. The regulations for this district are designed to stabilize and protect the essential characteristics of the district and to promote and encourage a suitable environment for activities associated with family life. To these ends, development is limited to a relatively low concentration and uses permitted by right are limited to single-family detached dwellings which provide homes for the residents of the area. Additional residential uses such as religious institutions, neighborhood centers, and utility uses necessary to serve the immediate area may be permitted on a conditional basis.

B4 – General Business District

The B4 General Business District provides for business and commercial uses of a thoroughfare-oriented nature. In addition to these uses, other businesses, which may benefit by drawing part of their clientele from passing traffic are permitted. Additional uses, which may be successfully blended with permitted by-right uses, are conditional.

Zoning Ordinance amendments require approval by the City Council following a separate public hearing conducted by the Council. The Council considers the matter upon receipt of a report and recommendation from the City Planning Commission. This Zoning Ordinance map amendment request is being considered consistent with the provisions of Article III, Divisions 2, 3 and 4 of Chapter 50 of the 2019 Detroit City Code, the Detroit Zoning Ordinance.
