Project Updates

Photos of ADA ramps under construction on State Street just North of the Chicago River. These are at a midblock crossing.

ADA Ramps

Accessible Pedestrian Signals (APS)

- Communicates WALK and DON'T WALK intervals in non-visual formats
- Up to 100 in the next two years

Photo of Mayor Lightfoot at podium at press conference announcing City's commitment to APS.

Pedestrian Countdown Signals

- Approximately 60 locations in 2020

Photo of a pedestrian countdown timer under a traffic light taken in the Loop.

State Street Rapid Delivery

Photo of new “paint and post” bump outs on State Street and Kinzie. Bumpouts are on all four corners and pedestrians are using the new space.

State Street Rapid Delivery

Photo of new left turn traffic calming on State Street and Grand. A car is turning left around the new infrastructure that requires cars to turn at a tighter radius and slower speeds.

Picture of new pedestrian refuge island. A person is crossing from the Garfield Park side of the street and is standing on the refuge island.

Pedestrian Intersection Improvements MADISON & ST. LOUIS

Picture of new pedestrian refuge island at 80th and Cottage Grove. In the photo a construction crews working to complete construction of the island. It is now complete.

Pedestrian Intersection Improvements 80th & COTTAGE GROVE

Picture of a new pedestrian refuge island on 55th Street. The crosswalk signs are visible and a biker is traveling in the bike lane.

Pedestrian Intersection Improvements

55th ST

Picture of a new pedestrian refuge island on the Rush University Medical Center. In the photo a person is walking across the street.
