A recap of the policy review process for a reminder to the Board and the public. We are reviewing this process for ways to increase input from the community to enhance the Board's overall input on policies. The administration team is launching a Community Contact Collection Campaign to prepare BOPC to increase our community engagement. However, we need the commissioners and the public's help to gather more contact information for block clubs, community organizations, activists and grassroots organizations, especially those who are focused on policing as well as faith based groups. The campaign will start at next week meeting, March 30, 2023. During the meetings we will be collecting this information from the public, so our participants from the community can fill out paper forms. Also the Zoom Chat will be open and meeting participants can send messages to the panelists and hosts with information regarding community groups and we will accept emails at bopc@detroitmi.gov. There will also be a Goggle form that will be posted in the chat that participants can submit contact information. Update on staffing at OCI, there are 14 Investigators, including our senior investigators currently on staff. Based on our database yesterday we have 485 cases that are open. 295 cases are aged over 90 days, and the other 190 have not aged over 90 days. On March 20, 2023 the 2023/24 Budget proposal for DPD and BOPC was presented before City Council and they have voted to move those items to executive session. There has been feedback at BOPC and City Council meetings that the recordings for the BOPC meetings and minutes cannot be found on the website. For information and the benefit of the community, I will provide the best way to find the videos. On the BOPC main page scroll down to BOPC Meetings – Links to Recent Zoom Video.
